

A study at the heart of breast cancer treatment

Study News

Interview with RadComp Participant Carol Kerrigan Moore

Carol Kerrigan Moore enrolled in the RadComp Study at the University of Pennsylvania site in 2018. In this interview, Ms. Moore shares her breast cancer experience, participation in the RadComp Study, and talks about why long-term follow-up is so important.

RadComp Rapid and Routine Plan Reviews - Completed

The RadComp protocol required that participant treatment plans undergo clinical quality care reviews either in advance of participant treatment (Rapid Reviews) or as part of long-term quality assurance (Routine Reviews). Treatment plans were de-identified prior to being reviewed by radiation oncologists and medical physicists. The reviews were completed on January 6th.
